To Whom It May Concern:

On Friday, April 28th, Chevron Phillips (CPChem) will begin starting up Ethylene Unit 33 following an unplanned shutdown which occurred April 15th. The Unit startup is scheduled to begin Friday, April 28th and will continue through Sunday, April 30th. The flare system will be utilized and there will be intermittent periods of noise, some smoke and a visible flame. At times it is possible that the smoke and noise could last for several hours. Currently, the heaviest period of activity is expected to occur Sunday afternoon, April 30th. Minimal residual flaring could occur over one or two additional days. Every effort will be made to minimize the impact of our activities. If you have any questions, please call the CAER hotline at (979) 491-2237 from 7:30 AM to 5:00 PM Monday through Friday. After this time and on weekends, please call our Main Gate at (979) 491-2200.
