**To Whom It May Concern:**

On Wednesday morning, November 19, 2008, Chevron Phillips Chemical Company LP will begin a controlled shutdown of one of our Ethylene Units. The flare system will be utilized and there will be intermittent periods of noise, some smoke and a visible flame. At times, it is possible that the smoke and noise could last for several hours.

The heaviest period of flaring activity is expected during the first twenty-four hours of the start of the controlled shutdown. Intermittent flaring could continue through Saturday, November 22<sup>nd</sup>. Every effort will be made to minimize the impact of our activities.

If you have any questions, please call the CAER hotline at (979) 491-2237 from 7:30 AM to 5:00 PM Monday through Friday. After this time and on weekends, please call our Main Gate at (979) 491-2200.
