

City of Sweeny

August 2014 Newsletter

Congratulations are in order for our 9 - 10-year old Little Leaguers. They made it to the State Tournament, placing them 4th in their age group throughout the State of Texas -- and we all know that's big with a lot of competition.

School start Date: August 25th - with numerous activities already started or scheduled very shortly. Be extra vigilant on the roadways as students will be acquainting themselves with their new routines.

- School Tax Holiday, 8-10 August. Don't forget many of our businesses have in stock qualifying merchandise. They will appreciate your patronage.*
- "New Teachers' Breakfast" will be hosted by the Sweeny Chamber of Commerce on August 12th. If you can support this activity please contact Kim Jurek at 548-3249, or sweenychamber@windstream.net*

We are seeing additional heavy-vehicle traffic transiting FM 524 in support of various plant expansions/new build. Phillips66 (P66), Chevron Phillips (C/P) and Tenaris Steel are all seeing construction, and many supplies are being delivered by truck. We have reached out to P66 and C/P, and will be reaching out to the Tenaris Steel with our concerns for safety as these deliveries pass through Sweeny.

Recycle dates for August are August 7th and 21st.

As a reminder, citizens are now able to pay their monthly utility statement using automatic bank draft. Roughly 7.1% of your fellow citizens are now using this option, with great success. We encourage you to consider this process as well.

If you have a suggested topic for the newsletter, please let us know.
