Additional Charges Affect Purchase Price

Delivery, shipping, handling and transportation charges are part of the sales price. If the emergency preparation supply being purchased is taxable, the delivery charge is also taxable. Consider these charges when determining whether an emergency preparation supply can be purchased tax free during the holiday.

For example, you purchase a rescue ladder for \$299 with a \$10 delivery charge, for a total sales price of \$309. Because the total sales price of the ladder is more than \$300, tax is due on the \$309 sales price.
