

CITY OF SWEENY

BUILDING NUMBERING WARNING NOTICE

City Ordinance 100-03, passed on November 19, 2002, states: "All business establishments, residences and public buildings with(in) the City of Sweeny, Texas shall be numbered in accordance with the system provided by the City of Sweeny, Texas, and shall have placed on the front of the building a street number of a size and color legible enough to be seen by the public from the street in front of the building, with the minimum size of the number to be in accordance with the provisions of this ordinance."

The ordinance further states: "It shall be the duty of every property owner of existing buildings used for residential, public, business, commerce and industry in the city, on or before January 31, 2003, to purchase and display in a conspicuous place on the building, the number assigned, which shall be in Arabic numerals or letters at least four (4) inches high, showing the number of the house or building."

Any person failing to so number any house, building, or other structure owned or occupied by him, after receiving thirty (30) days written notice to do so from the code enforcement officer, shall be punished as provided in the general penal provisions of the City of Sweeny Code of Ordinances.

This written notice constitutes and fulfills the requirements of the above specified ordinance. After thirty (30) days have passed from the date this warning notice was issued, the building will be inspected again for compliance with the ordinance. If the building complies with the numbering system established, no further enforcement action will be taken. If, though, the building is not in compliance, charges shall be filed in Sweeny Municipal Court, and upon conviction, a fine of up to \$500 may be imposed.
